Step 2 — Start on the Dashboard

After login you land here. Use the How to edit the website guide at the top. Each card shows what you can change and where it appears on the public site.

The screenshot displays the 'One By One Ministries Admin' dashboard. On the left is a dark sidebar with a logo and a menu including Dashboard, Inbox, Blog Posts, Photo Library, Projects, Videos, Donations, Finance Details, Analytics, Admin Users, and Site Settings. At the bottom of the sidebar are 'View Website' and 'Sign Out' links. The main content area has a top header with a hamburger menu, 'Dashboard' title, 'One By One Ministries Admin' subtitle, and user information for 'Anderson caleb Super Admin'. Below the header is a 'Dashboard Overview' section with a welcome message and a 'How to edit the website' guide. The guide consists of three steps: 1. Pick a section, 2. Edit and save, and 3. Check the live site. Below the guide is a list of six editable sections, each with an icon, edit instructions, where it shows on the site, and an 'Open' link with an arrow.

Section	You edit:	Shows on:	Action
Site Settings	Homepage headline, mission text, contact info, social links, and page hero images	Home page, footer, Contact page	Open →
Blog Posts	Stories and field updates (title, text, photo, publish or draft)	Stories page (/stories)	Open →
Projects	Ministry projects, descriptions, status, and photos	Projects page (/projects)	Open →
Photo Library	Upload and manage gallery photos	Photos page (/photos)	Open →
Videos	YouTube video links, titles, and thumbnails	Videos page (/videos)	Open →
Finance Details	Donate page info: Venmo, Zelle, bank, check, crypto, etc.		Open →

Site Settings — text, contact, and live preview

Edit the main title on the home page, mission statement, contact info, and social links on the left. The Live preview panel on the right shows what will appear on the public site. Click Save Changes at the top when you finish editing text.
